Cell Phone Donation Drive

# Press Release

## Cell Phone and Charger Donation Drive for Victim Assistance Program

*Citizen Green Electronics and Repairs is hosting a cell phone and charger donation drive for Victim Assistance Program in April.*

Cuyahoga Falls, OH, April 2018: A local electronic sales and repair company, Citizen Green Electronics and Repairs, has partnered with Victim Assistance Program, a nonprofit organization that supports individuals and families victimized by crime or trauma, for a three week long donation drive to collect gently used, working cell phones and/or chargers.

Often those in recovery have had to immediately leave their valuables and basic necessities behind, cell phones included. This leaves many without a way to call for help if needed. There is a large, constant need for emergency phones.

Between April 9<sup>th</sup> and 30<sup>th</sup>, please consider donating a gently used, working cell phone or any chargers that you may no longer be in need of. Chargers are also in high demand as many phone donations come in without and cannot be used. Donated cords can be paired up with phones that don't currently have one.

Donors can enter to win one of the prizes being given away at the end of the drive. Donations may be dropped off at 1675 State Road in Cuyahoga Falls, Monday thru Wednesday and Friday from 10 to 6 or Thursday and Saturday from 10 to 2.
